Re: Rental Property

To Whom It may Concern:

My various companies have had a long term property rental relationship since 1997 with the Genet Property Group, specifically Hiatus Commerce Center and Sunrise 46.

As my companies expanded and changed over the years Genet Property Group has always been flexible, most accommodating and helpful in what I needed as a tenant.

Their properties are well maintained and there are continual repairs and improvements such as paving, building painting, lighting etc being done. Any time there was a need for repair or a problem they responded quickly and resolved the situation.

I highly can recommend doing business with and or renting property from any of the associated Genet Property Group's companies.

Sincerely,

Gene Marchese, CFE, CPII, CIFI, FCI
President
